

在此处键入公式。 $E_\ell = (A_\ell, oid_\ell, m_\ell)$

$$\forall 1 \leq p < q \leq n, \text{party}(E_p) \neq \text{party}(E_q)$$

$$(P_\tau \Rightarrow M_\tau) \wedge (M_\tau \Leftrightarrow I_\tau), M_\tau \not\Rightarrow P_\tau$$

$$\text{Send}(A, oid, m)@s \wedge \text{RA}(A, oid, m, bid, rst)@r_1 \Rightarrow s < r_1$$
